नमन उस महान् महर्षि को, जिनके ग्रन्थों को हम यहाँ संकलित करते हैं, और उन्हीं की संकल्पित आर्य-जगत को ये समर्पित करते हैं।

महानुभाव, सादर नमस्ते।

महर्षि दयानन्द सरस्वती के अनेक महान कार्यों में ग्रन्थकारिता, पत्र लेखन और शास्त्रार्थ जैसे कार्यों का होना आप सबको विदित है । इनमें से कुछ साहित्य जन मानस के लिए हैं, तो कुछ संस्कृतज्ञों / वेदज्ञों के लिये है। शायद इसी विविधता और विशालता के कारण किसी एक स्थान पर महर्षि का सम्पूर्ण साहित्य मिल जाना सामान्य नहीं है।

अनुसन्धान उपरान्त, विशिष्टता और स्वपूर्णता के आधार पर, महर्षि के 76 साहित्य / प्रकाशनों का संज्ञान होता है। समय-समय पर इनको संकलित व परिरक्षित करने का प्रयास भी किया गया है। फिर भी इनमें से चार (4) पुस्तकें कभी प्रकाशित ही नहीं हुईं, और तीन (3) प्रकाशित पुस्तकें अब मिलती नहीं। अवशिष्ट 69 प्रकाशनों की SCAN ➔ PDF Files इस DVD में उपलब्ध है। यह गिनती हमें 95% ठीक लगती है।

महानुभाव, इनमें से कुछ साहित्य / पुस्तक तो लम्बे समय से OUT OF PRINT हैं, जिनमे से कुछ बहुत प्रयत्न करने से ही मिल पाई हैं। हमारी यह आशा है कि अब हर ऋषि भक्त के घर / कम्प्युटर पर महर्षि का सम्पूर्ण साहित्य उपलब्ध होगा। कृपया महर्षि के अनुपलब्ध (7) / उपलब्ध (69) पुस्तकों की सूची DVD में रखी "READ ME" FILE / परिशिष्ट (2, 3) में पढ़ लेवें।

हमारा यह अनुसन्धान आपकी अपेक्षा मे सीमित ही है, कृपया आगे के कार्य (परिशिष्ट 4: Digitisation of Vedas) के लिए प्रेरणा और मार्ग दर्शन प्रदान करें।

Thanks to Yashpriya Arya ji and Acharya Umesh Bharadwaj for their continuous encouragement. Lastly, and most importantly, feet touching acknowledgment to my parents Shri Durga Prasad Agarwal and Shrimati Premlata Agarwal for their support and guidance in making this compilation possible.

परिशिष्ट / ANNEX–2: UN-AVAILABLE PRINT WORKS OF MAHARSHI DAYANAND SARASWATI (MDS):

1) Sandhya (Published but Unavailable) (1863): First published work of MDS immediately after completion of his studies under Swami Virjanand; from Jwalaprakash Press, Agra. Thirty thousand copies were distributed free of cost then; the expenditure was met by one Ruplal; unfortunately the work is no more available. It is assumed that, its content has been included in some later works of MDS like Sanskaar Vidhi and Panch Maha Yajna Vidhi, however it will be missed from a researcher's perspective.

2) VedBhashyam Namune ka PRATHAM Ank (1875) (Unpublished and Unavailable): Before doing the Bhasyam of Rigveda, MDS made 2 consecutive samples for comments from the knowledgeable society. The first of such reproduction is no longer to be found.

3) Gautam Ahilya ki katha (Unpublished and Unavailable) (1879): It is a reinterpretation of the legend of Gautam - Ahilya, quite different from the versions available in the Puranas. A part of this book is reproduced in RigVedadi Bhashya Bhumika.

4) Gadarbh Taapni Upnishad (Unpublished and Unavailable): As per Babu Devendranath Mukhopadhyay, MDS used to carry ready compilation of useful evidences for Shashtraarthas, under the aegis of Gadarbha Taapni Upanishad.

5) Ashtadhyayi Bhaashya - Vol 4 (Unpublished and Unavailable): MDS did bhasya of Ashtadhyayi Bhaasya, which could not be completed during his lifetime. He authored 4 volumes, of which only first 3 volumes were published by Vedic Yantralaya (unfortunately, that too without proper editing and with many mistakes). The 4th volume never got published and is unavailable. The 3rd and 4th volume was also edited and proof read by Brahmadutta Jijnasu and handed over to Vedic Yantralaya for printing. Unfortunately, they also remained unpublished till date.

6) Advaitmat Khandanam (Published but Unavailable): Denounced the doctrine of non-duality of Shankaracharya's Advaita; Published from Light Press, Beneras 1870.

7) Satyartha Prakash - Edition 1 (1875) (Published but Unavailable): MDS published the second edition during his lifetime in 1883, hence the first edition was withdrawn. The first edition is no more available.

x) Swami Dayanand dwara swarachit Janm Charitra (1872 / 1873) (Unpublished and Unavailable): MDS himself wrote an AtmaKatha for in Sanskrit in Kolkata, which he requested his erudite Bengali friends for not publishing during his lifetime. The erudite group got it translated in Bengali, which was later translated in Hindi and published and included in this DVD. The original Sanskrit version is unavailable.

x) Some of the Pravachans / Shashtrarthas were first published in a language other than Hindi; since unavailable, only hindi translations have been included in this DVD.

PS: We are not sure but some of the above may be kept preserved with Paropkaarini Sabha / Vedic Yantralaya, Ajmer.

परिशिष्ट / ANNEX– 4: DIGITISATION OF THE VEDAS:

The Four Vedas contain 20,500+ Mantras. Each mantra is a treasure of knowledge in itself. Since ages, Rishis and Pandits have authored many books on the revelations contained in these Mantras. Still a commoner, today, is far from knowing a slightest bit of this divine ocean of knowledge. One of the most important missing links to passing on of the Vedic knowledge is the modern mode of communication and integrated style of arrangement of the knowledge.

Www.Vedakosh.Com is an effort to this direction of presenting the Vedas and its explanations thru internet with appropriate integration of various terms and concepts. The following are the salient features of the envisioned website:

- One Web Page each for
  - Each Mantra
  - Each Chapter or Section (like Mandal / Ashtak / Adhyaya / Sukta / Anuvaak /etc)
  - Each Rishi
  - Each Devta
  - Each Chhand, etc
- The total number of web pages ~ 30,000
- The website will contain the 4 Vedas and available arsh / arya translations and explanations. This will include Vedic Granths like Brahman, Aranyaks, Upanishads and Darshan Shashtras.
- Necessary un-arsh translations will also be uploaded for necessary criticism.
- Sanskrit, Hindi and English will be the key languages. However, relevant content available in other languages will also be uploaded.
- The content will be preferably put in Unicode Fonts (like Mangal UCF for Hindi & Sanskrit)
- All the content will be maintained in a relational database which would also be available separately on demand
- Important terms / concepts (e.g Seeksha, Jyotish, Kalpa, etc) will be inter - linked for easy / flexible maneuvering / surfing
- The content will be corroborated with Pada Paath, Pada Suchi, Anukramanikaas (Multi Parameter Indices), Online Dictionary (Nighantu), and Grammer (Vyaakaran)

The work is that of digitization and presentation of the available published content. The work will avoid, as much as possible, fresh authorship (except for essential translation), of the sacred texts. The milestones and timeline is under planning.

We seek blessings from the Learned and Erudite. We hope for support from Samajs and Sabhas. We seek help and invite 'sram-daan' from the Aryajan for planning and execution. We also look forward to synergizing with groups taking steps in similar direction. Kindly oblige by writing to virendra@vedakosh.com
